Conference

Sponsorship Offer

On the behalf of the Organising Team of the PHPCon Poland 2024 conference, I am honoured to invite you to take part in the organisation of this edition of the event. Taking advantage of this opportunity I would like you to read our sponsor offer.

In the 2024 season, we will meet in the Beskids in a brand new location. It will be the **four-star Stok Ski & Spa** hotel complex in Wisła-Jawornik, the valley leading to the Soszów ski station. Once again (after the editions in Szczyrk), the object will offer a number of facilities for enjoying the autumn colours of the Beskid Mountains. The hotel offers the possibility of organizing a conference with features of an integration event, i.e., lectures, workshops, accommodation, full board, and an integration event.

Also, this year, we will maintain PHPCon Poland's international character. The call for speech proposals (C4P) has been going on for an exceptionally long time, since February this year, and among the proposals, there is no shortage of interesting speeches not only from Europe but also from overseas.

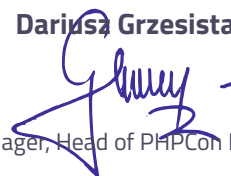

In 2024, responding to the crisis in the IT market, we are returning to a one-day conference session, keeping the split between the workshop day - Friday and the conference day - Saturday. As a result, we are cutting costs and are able to offer sponsorship packages at significantly lower prices than in the previous season.

We target a conference group of 500 participants and about 100 people attending the Friday workshops. These are the numbers from the previous season. If a better result can be achieved, the resort will be ready for it. We will have a dedicated sponsorship area at your disposal on the hotel grounds. We encourage you to bring items that relax and keep the participants present.

We also care about marketing in social media and so we will welcome any help from you in this regard.

Kindly please take a look at the offer we have prepared for you.
